PROFILE

Experienced banking professional with over 10 years of experience in financial operations, customer service, and AML/KYC risk management nearing completion of a master's degree in software engineering and digital Transformation. Skilled in leveraging digital tools to streamline financial processes, enhance customer experience, and drive compliance excellence. Seeking roles in banking, fintech, or digital transformation that combine operational knowledge with evolving tech skills to deliver impactful solutions.

WORK EXPERIENCE

Lappeenranta University of Technology - Finland

01.2025 – 05.2025

Teaching Assistant

- Evaluated coursework for 90+ BSc students using structured rubrics in Moodle, ensuring timely and consistent grading.
- Attend lectures and provide key insights on the lecture content to enhance student understanding and engagement.

Lappeenranta University of Technology - Finland

08.2024 – 12.2024

Peer Tutor

- Guided international master's students through academic, administrative, and cultural onboarding, easing their transition to university and Finnish society.
- Organized group activities and addressed student concerns, fostering a sense of community and enhancing problem-solving and cross-cultural communication skills.

Commercial Bank of Ceylon PLC - Sri Lanka

08.2014 – 07.2023

Executive Assistant

- Processed 100–120 daily customer transactions using core banking systems, maintaining a 99% accuracy rate and adherence to compliance protocols.
- Led KYC and AML checks for new/existing clients, ensuring full compliance across 3 branches.
- Drove digital banking adoption through client onboarding sessions and one-on-one guidance; contributed to a 40% rise in mobile banking registrations.
- Mentored and trained 50+ new employees across 3 branches, reducing onboarding time and operational errors.
- Collaborated with operations and IT to streamline branch workflows.

Commercial Bank of Ceylon PLC - Sri Lanka

08.2012 – 08.2014

Banking Trainee

- Supported account opening and onboarding processes by verifying documents and conducting basic risk profiling.
- Assisted in customer transactions, inquiries, and issue resolution, building foundational knowledge of banking workflows.
- Compiled reports for the risk team, contributing to enhanced due diligence and internal audit readiness.
